

STERIS®

January 8, 2019

Dear Valued STERIS Customer,

This letter is to inform you that effective September 30, 2019, STERIS Corporation will no longer support the following product:

AMSCO® Eagle® 3017 100% EO Sterilizer / Aerator

STERIS discontinued the sale of this product in 2017. Due to service parts obsolescence, it is necessary to schedule the obsolescence for support of this product. After September 30, 2019, STERIS will no longer provide service or consumables for this product.

We recognize the impact that product obsolescence has on your operation. A recommended replacement for the Eagle 3017 Sterilizer is either the V-PRO® maX 2 Sterilizer or the System 1E® Liquid Chemical Sterilant Processing System. A STERIS representative will contact you to provide additional information about both products. If you have any questions regarding this notice, please do not hesitate to contact STERIS at 1-800-548-4873.

Sincerely,

Sarah Lazzara
Marketing Director, IPT
